

Adult CSF Dynamics Disturbances: Understanding Hydrocephalus, Current Knowledge & Future Directions

Live (2026-2027)	Topic	Talks
Sat, 19 Sep 2026 10:00 UK (BST) 11:00 CEST (Brussels) 05:00 EDT (New York) 02:00 PDT (Los Angeles) 18:00 JST (Tokyo)	World Hydrocephalus Day: Looking back, Moving forward: One Year of Hydrocephalus Work Chairs: Giorgio Palandri Ahmed Toma	Adult hydrocephalus: last year's highlight Nicole Keong Paediatrics hydrocephalus last year's highlights Richard Edwards Basic science research last year's highlight Sara Qvarlander What lies ahead: The Next Year in Hydrocephalus Sevil Yasar
Wed, 21 October 2026 18:00 SAST (UTC+2) 17:00 UK (BST) 18:00 CEST 12:00 EDT (New York)	Regional Webinar: Africa Chairs: Llewellyn Padayachy Uwe Kehler	Endoscopic versus shunt treatment for hydrocephalus Teddy Totimeh Post-infectious hydrocephalus Shane Alexander Management of normal pressure hydrocephalus in Africa Basil Enicker
Wed, 18 November 2026 14:30 UK (GMT) 15:30 CET (Brussels) 09:30 EST (New York)	Hydrocephalus Together: Patients & Professionals Improving Care Through Partnership Joint session with the Hydrocephalus Association Chairs Monica Chau Mark Hamilton Mats Tullberg	What patients and families value most in their interactions with clinicians Ken Iserson Expectations of surgeons, physicians, researchers and engineers working in hydrocephalus care Kevin Flynn Building and sustaining a hydrocephalus patient organisation: practical lessons for colleagues establishing advocacy groups outside the US Melanie Dailey
Dec 2026 Weekday Date TBC Times: TBC	Focused Webinar: Shunt Technology Chairs: Fabian Flürenbrock Anne Benninghaus	TBC
Sat, 16 January 2027 15:00 UK (GMT) 16:00 CET (Brussels) 10:00 EST (New York) 20:30 IST (India)	Focused Webinar: Chiari Malformation: A CSF Dynamic Disorder Chairs: TBC	Chiari malformation: an introduction Mark Luciano Chiari as a disorder of CSF dynamics Laurence Watkins Atlantoaxial instability as the cause of Chiari formation Atul Goel

Adult CSF Dynamics Disturbances: Understanding Hydrocephalus, Current Knowledge & Future Directions

Live (2026-2027)	Topic	Talks
February 2027 Weekday Times: TBC	Regional Webinar: South Asia Regional webinar, with the Asian Congress of Neurological Surgeons Chairs: TBC	An international perspective on the future of NPH practice — proposed TBC A neurology perspective on NPH diagnosis — proposed TBC A neurosurgical perspective on surgical management — proposed TBC
Sat, 20 March 2027 Times TBC	Focused Webinar: Modern Approaches to NPH Assessment: Wearables, Digital Monitoring, and Artificial Intelligence Chair: Shigeki Yamada	Wearable technologies TBC Mobile and smartphone-based monitoring Shigeki Yamada Artificial intelligence and advanced data analytics TBC
Wed, 14 April 2027 16:00 UK (BST) 17:00 CEST (Brussels) 11:00 EDT (New York)	Focused Webinar - NPH: The Multidisciplinary Team Chairs: TBC	Neuropsychological assessment of patients with NPH Lisa Healy Physiotherapy Hanna Persson Neuroanaesthesia Val Luoma
Sat, 15 May 2027 10:00 UK (BST) 11:00 CEST (Brussels) 05:00 EDT (New York) 02:00 PDT (Los Angeles) 18:00 JST (Tokyo)	Focused Webinar: Advances in Paediatric - Hydrocephalus Chairs: TBC	TBC
June 2027 Time TBC	Regional Webinar: Asia/Australia Chairs: TBC	TBC
